Much has been said lately about a generation of peace. But what will this peace be? Will it just mean the absence of formal war, declared and conducted in the traditional sense? Or will it mean more than that?

We live in an age in which the formal distinctions between war and peace have become fuzzed. Nations fight while maintaining diplomatic relations; Presidents visit countries that diplomatically they do not recognize; indeed, for some, peace is often not much different from war.

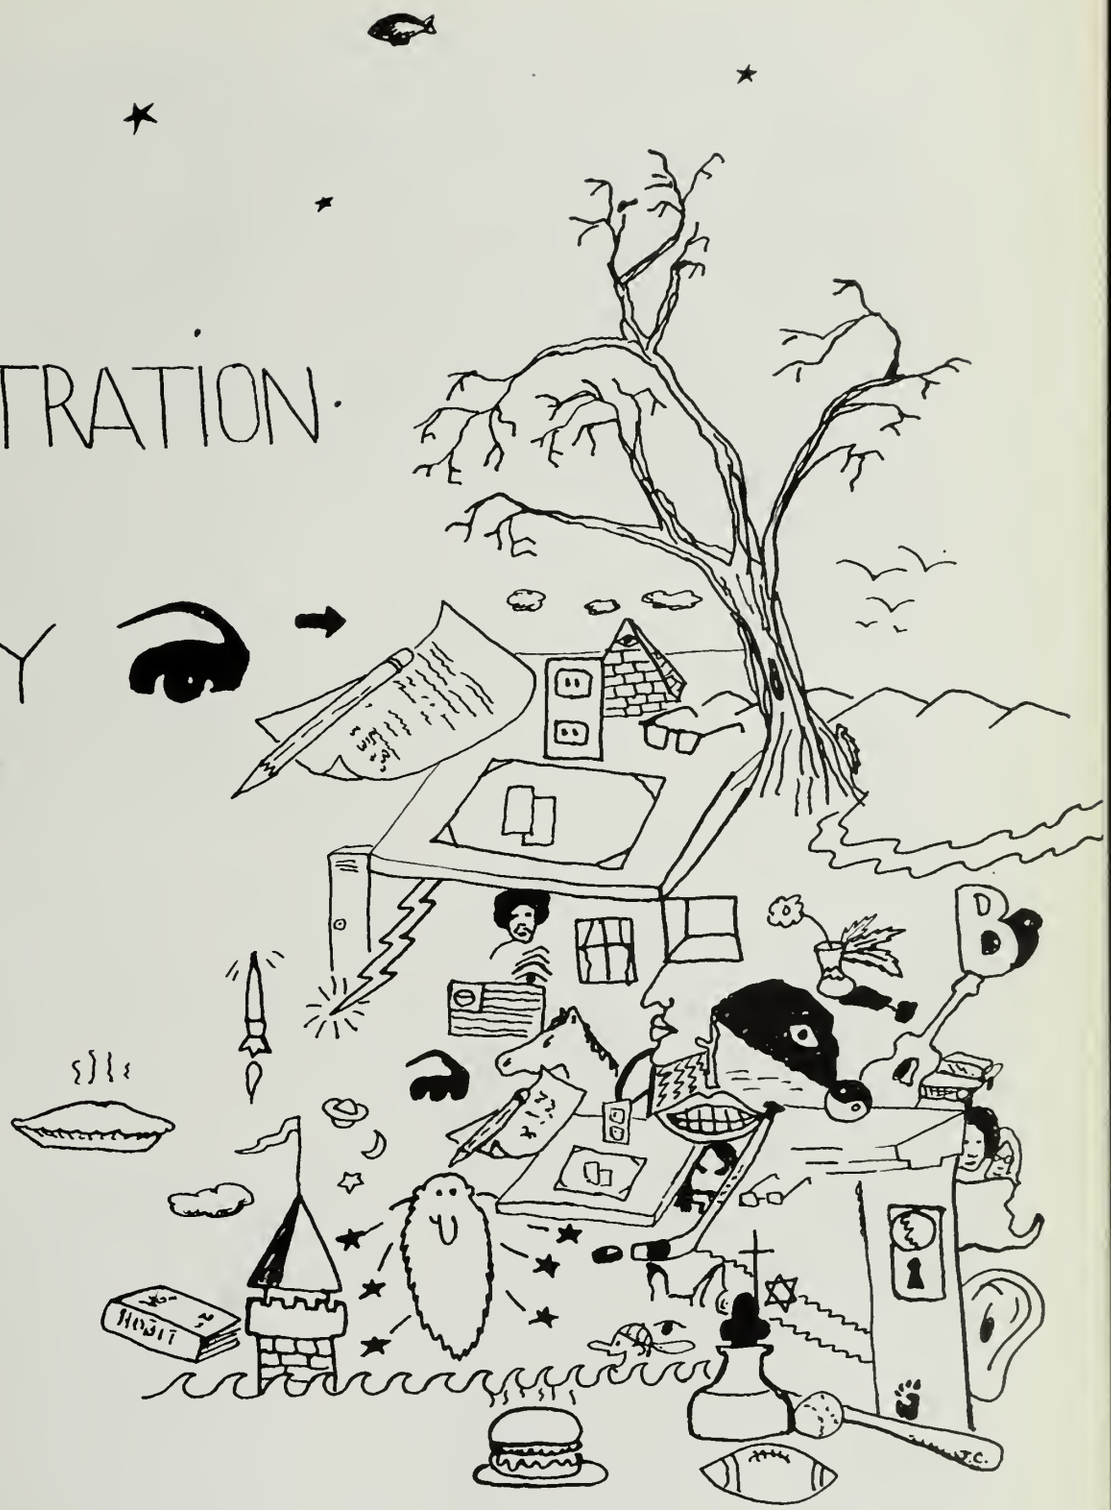
ADMINISTRATION AND FACULTY



You leave a school that is changing but which will always remain in many respects the same place you have known so well. The friendships and associations formed here will last if you do your part, and we hope that you will always maintain contact with us and with each other.

Wherever you go and whatever you do, you carry with you our best wishes – always –

Assistant to the Superintendent of schools

I wish to extend my congratulations and best wishes to you as members of the graduating class of 1972. Your diploma signifies that you have completed satisfactorily the requirements for a high school education. During your school years your parents and your teachers have tried, through daily association, to foster within you an understanding of and an appreciation for those ideals which are the foundation of our society and our country. This individual understanding is a vital part of your education as much as formal subject disciplines. My hope is that you will continue to learn, develop proper values, and strive to improve yourself, your community, and society.

Death Focuses Reality

We woke up one morning and he was gone.

The players and coaches of the 1971-1972 Hockey Team dedicate the successes and awards of their team to the living memory of Mr. Arvilla. We understand, though it is difficult, the reality that we did gain from our short association with our former coach. For those who played for and worked with Mr. Arvilla, the reality of his absence is even more striking. A great part of Mr. Arvilla's life was hockey, and we were part of this.

We will remember him as he lived and coached. We will remember a friend.

The Team

The Senior Class of 1972 would like to express their sincere gratitude to Miss Conway and Mr. Amato for their strenuous labors and for their personal guidance during the past three years as class advisors. We all realize the sacrifices they have made and we are grateful. On behalf of our class, THANK YOU!

To all of us, cheering has been an unsurpassable experience. As said in "Seventeen" magazine, "cheerleading is more than yelling, jumping, and making signs, it's learning, working, projecting your excitement and your smile." Through football, hockey, basketball, rallies, and tournaments, we've seen it this way and not one of us will ever forget cheering for B.M.H.S.

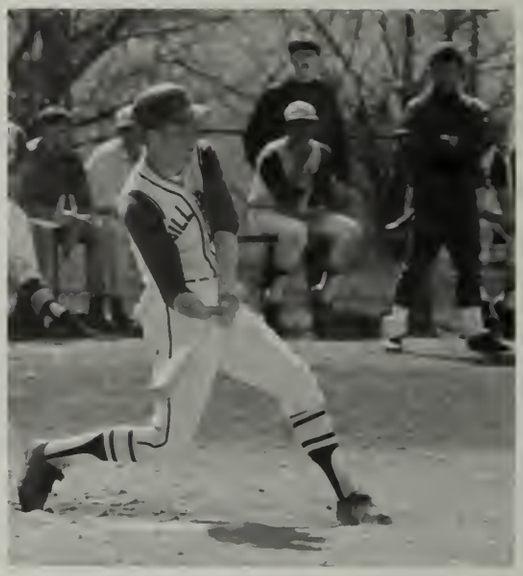
BASEBALL



The 1971 Baseball Season, like the weather, was very erratic. Our team seemed to be one game off the top of the League all year. Our 1-0 defeat at Dracut did the most to hurt our title chances. The whole season came down to the final game with Burlington. It seemed odd that this game was a make up game for our first game of the year way back on April 4. Billerica was defeated 3-2 in a tension packed 11-inning game at home. With this defeat we lost a share of the Merrimack Valley title and berth in the State Tournament.

Outstanding performances must be singled out. John Foley and Brian Rose were chosen as M.V.C. all stars. Mike Giblin was chosen as the teams M.V.P. Both John Foley and Brian Rose were the leaders of this team. Each pitched and hit in several crucial wins. Foley was our short man on the pitching staff while Rose was the game winner. Brian appeared in 16 out of 17 games, while John pitched the only complete game. Looking forward to the 1972 season our problem is pitching. This is a universal problem. Our captains are Mike Aquilino and Mike Woodford. They will lead a fairly veteran team on the field this year. George Garabedian, Tim Newfell, Bob Danehey, and Tom Turco, are all back for a successful year. John McGuinness and Jeff Coombs are expected to help out in the pitching phase of the game, while our keystone combination of Aquilino and Garabedian are expected to sew up the infield. Catching is strong with Woodford and Turco. Joe Higgins is coming off an operation and is expected to completely fill the void left by Scott in center field. The four corners remain open. Success is the name of the game. Winning is success.

WRESTLING

Despite a below par 6 and 8 team record, this year's wrestling squad reported many talented individuals who supplied exciting matches for the home crowd enthusiastics. Coaches Viglione and Connors' team was hindered in their record by having to forfeit two weight classes, including the heavyweight, in all of their matches. Co-Captains Pete Jenkins and Steve Walters were two of our outstanding grapplers. Jenkins and Mike Goguen were undefeated through the regular season. Mr. Viglione and Connors hope to have better success in this year's state tournament and to improve their record next year.

HOCKEY

The Billerica High School hockey team had Burlingtonitis this year. While racing through the season the hockey team tripped over this hurdle constantly. With our second defeat of the season coming at the hands of the opportunistic Burlington team, we decided to tune up for the State Division 2 Tournament. Billerica had been ranked all season long from 3rd to 5th in Division 2 school by rankings.

The tournament picture looks favorable with the talented Billerica Team getting down to some hard work. Russell, Woodford, and Kelly are working quite hard, while the two Rays and Tony Passalaqua are a stride off last year's pace. Ralph Hallenburg, Peter Salowsky, Bob Guarino, and Glen Mullen are back manning our defense. Our goalie picture looks promising with the hard work of Soph. John Marshall and John McLaughlin and Fred Bocko to back him up. On to the Tournament!

A FEW WORDS FROM THE CHIEF

We don't care what anyone tells you, putting out a yearbook is the supreme hassle! This year's staff and friends were attempting their first such production with no past knowledge of how to go about it. We learned by our many mistakes. It is a lot easier to read a yearbook and say it is nice or it is rotten than to produce ideas and put them on paper, believe us! We sympathize with no reader, only with those who labored with us in enclosing our BHMS memories within two pieces of green cardboard.

It would not have gotten finished without you guys. Thanks Henry, Jack, Pat, Sue, Bob, Gloria, Joe, Kathy, Debbie, Linda and everyone else who took the time to get off their *&?$!*[5] and help out instead of criticizing negatively. To our advisors, Miss Richards and Mr. Richardson, we hope you don't have to put up with this again next year. We hope we were successful in capturing the "mood and memories" of BMHS and that you can associate with it and remember it as a happy experience. Thanks for the memories.

Your editors,
Bill Hogan and *Lynn Martin*
